To whom it may concern at the FBI Headquarters:

We are a group of Southern California parents who have accidentally discovered each other sharing the same custody evaluator Stephen Doyne, PHD of San Diego County, who was consumer of what appears to be the Largest Check Book Credentials and/or Diploma Mill in the nation.

It is well known fact that Diploma Mills are at least a half billion dollar fraudulent industry that has always been chased, investigated, exposed and dismantled. Such industry has been consistently under close scrutiny by our one and only FBI nationwide.

Attached is the one of the most serious internet flyers about the American College of Forensic Examiners International/ACFEI. This is a 2500 square foot home built in 1957 located at 2750 East Sunshine Springfield, MO and is the hub for 14 different fake specialty boards and various name associations, all owned by one owner Robert O'Block who has been charged with plagiarism in the past. None of such names are ever recognized by the Department of Justice/DOJ, US Department of Education, Distance Education or Federal Trade Commission/FTC.

**ACFEI Background Research:**

In her chapter section in the book, Scientific Evidence Review Law Text Book page 7-8, Professor of Law, **Carol Henderson**, 727-360-3099 & 727-562-7316 & 305-904-9501, Stetson School of law, president of the American Academy of Forensic Sciences, is currently the Director of the National Clearinghouse for Science, Technology and the Law. She cites the Wall Street Journal Article, the making of the expert witness, she writes: *"The founder of the ACFE has been attempting to establish an internet based educational program. So far no college or University has decided to host the program."*

Her article is posted on [www.thepubliccourt.com](http://www.thepubliccourt.com) about how corrupt ACFEI is and how it gave a specialty diplomate to a cat and mailed another to a murderer in prison. ACFEI is thought to be the **Largest** Mail Order Credentials and Check Book Credentials in the nation.

The American Board of Professional Psychology/ABPP is the one and only well respected legitimate Psychology specialty board of the American Psychological Association. Its current chair **David Cox, phd, ABPP 919-933-0600.** & **Norma Simon, Phd, ABPP Past President 914-738-4638,** both confirm the same findings.

**Mark Hansen, Chicago attorney 312-998-5995** Writer for the ABA Journal with his Article "Cat gets board certified as a psychologist" and another article that is posted "Expertise-To-Go," on [www.thepubliccourt.com](http://www.thepubliccourt.com) and published in [www.abanet.org/journal/02FPERT.html](http://www.abanet.org/journal/02FPERT.html) on February 12, 2000. Mark Hansen writes: *"But O'Block, 48, apparently has made few friends and admirers along the way. One former associate calls him a con artist. And more than one describes his organization's credentialing process as a complete scam."*

*"He basically takes people's money and gives them a worthless piece of paper," says Robert Phillips, an Audubon, N.J., document examiner. "He's just in it for the money." Phillips claims he has reason to know. He says he resigned as chair of the organization's certification committee in 1993 after discovering that O'Block was issuing credentials to unqualified candidates behind the committee's back."*

*"Many of the nation's leading forensic scientists don't seem to have much use for O'Block or his organization either. **James Starrs**, a professor of law and forensic sciences at George Washington University, says the organization's certification process lacks objectivity. "It's driven by the felt needs of the people in charge," he says. "If they want you in, you're in, even if they have to break all of the rules to do it." **Andre Moenssens**, a law school professor at the University of Missouri-Kansas City and an expert on scientific evidence, goes even further. He says O'Block's organization is basically a certification mill. "For the right amount of money, he will certify just about anybody as an expert in anything," Moenssens says."*

According to the article in THE WALL STREET JOURNAL: "The Making of the Expert Witness: It's in the Credentials," by Elizabeth McDonald. Wall Street Journal (Eastern Edition). New York, N.Y., Feb 8, 1999; pg. B1., Dr. Robert O'Block taught Criminal justice for about 10 years, beginning in the early 1980, at the Appalachian State University in Boone, but the school dismissed him in May 1991 for allegedly plagiarizing academic articles on such articles as Crime and Criminal Sentences. Ms. McDonalds adds: ***"Some call the college a diploma mill and want to see it out of business."*** This article is posted on the [www.thepubliccourt.com](http://www.thepubliccourt.com)

**Steve Eichel, PHD, ABPP, 302-598-1330** is the publisher of Google: "The Credentialing Con" Dr. Eichel, is a well respected and well qualified real Board Certified by the American Board of Professional Psychology/ABPP and is the owner of the pet cat also known as Dr. Zoe D. Katze who honorably received her Specialty Diplomate & PHD Certificate from ACFE. The cat's owner states that he had to quit working for the ACFE when he realized that **its board certifying people did not have licenses or graduate degrees.**

ABC's 10News I-team investigation (investigating the Bogus Credentials Fraud of Stephen Doyne) and the investigator team of the bogus Steven Feldman Phd of Saratoga County NY, stated in a news release that O'Block would not cooperate or return phone calls or any inquiries about Stephen Doyne or Feldman's Diplomates that were issued by

O'block's entity. The same goes where Dr. Tadros was never allowed to know anything about the credentials' fraud, con-artist Stephen Doyne.

A letter from ACFEI's attorney was sent to me on 12-27-10. It is posted on the [www.thepubliccourt.com](http://www.thepubliccourt.com) threatening legal action for the protection of ACFEI and Stephen Doyne, requesting to shut down the site along with Doyne's site exposing Doyne's "cat credential," or else I (Dr. Tadros) stand to be sued for one million dollars, the case to be filed in Missouri.

I was contacted by hundreds of parents nationwide, over the last few years. This started a credentials investigation mania nationwide and as a result *Steven Feldman, Phd* was arrested in Saratoga, NY for carrying a phony Phd, but surely a legitimate ACFEI Diplomate certificate, whom its owner-bully would still not give any information about him or how he got the credential. Read his story linked from [www.thepubliccourt.com](http://www.thepubliccourt.com)

Please review the attached shocking ABLEE/American College of Law Enforcement Experts, where fraud cannot be more rampant than getting the FBI officers themselves involved in O'Block's business enterprise. FBI has been noted to turn a blind eye and a deaf ear, subtly protecting O'Block continuing to sell impressive big pieces of paper, so-called Diplomas, Nationwide. Please examine carefully ACFEI's famous misleading logo that is very similar to the CIA's logo.

Our California Coalition for Families and Children/CCFC has repeatedly alerted our local San Diego FBI office. We have been indirectly informed that some of leading FBI Director(s) have also purchased certificates from O'Block's enterprise. If this finding is a fact, then this would easily explain as to why none of the San Diego's FBI officers moved a finger or showed any concern about this "**Interstate Wire and Mail Fraud.**"

O'block was making it clear on the internet of that he authorizes the ABLEE (that somehow now conceals and shut down this very same ABLEE page down from the public). Many FBI and other government officials and officers bought and continue to buy these fake ACFEI-like credentials.

Is the ABLEE the answer as to why there is no government crack down on this interchanging name ACFE that is currently changed to ACFEI?

Such silence should also answer the question as to why ACFEI is currently the LARGEST fraudulent Diploma Mill authorizing agency in the nation?

Robert O' Block personally confirms his involvement with your FBI and many other governmental agencies. In doing so Mr. O'Block is lulling the average public. Please review Elizabeth Mc Donald Article "It Is In The Credentials" posted on the [www.thepubliccourt.com](http://www.thepubliccourt.com) where it confirms already that some of the famous FBI Leaders such as John Douglas, have been purchasers of O'Block's Service Menu.

We now received a Million-Dollar-Lawsuit threat if we do not shut down our exposure of this Diploma Mill and its owner's government deceiving practices.

I am attaching the American College of Forensic Examiners Inc./ACFEI 2007 state of Missouri Nonprofit Public Tax filing. This is the latest form filed. **It is indicated on this "Tax Exempt" attachment that the Director and Treasurer of this ACFEI is Summer O'Block, and Director Stephanie O'Block; both are identified as O'Block's daughters directing and coordinating specialty credentials nationwide.** Management Executives-Identified as a nonprofit.
