Dear Mr. Harrell:

Please be advised that after consultation with an attorney I'm required to request the following form you to facilitate the dismissal of the pending case against your client in the California Superior Court.

It is requested that you stipulate on the behalf of your client and all parties of interest that when and if I cause the present civil action against your client to be dismissed with prejudice you agree not to hold me personally financially and civilly liable from any further claims related to this cause of action directly or indirectly in any court in any venue throughout this nation.

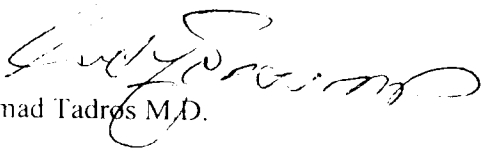

We mutually agree, stipulate and understand that this dismissal is not an admission of guilt, wrongdoing, malicious prosecution or any other civil or criminal wrong. This dismissal is being entered into because it has been discovered that it is in the best interest of all parties to terminate this cause of action and no further explanation for the legal rationale for taking this action will be requested or required as this admission is satisfactory and complete.

It is requested that as a part of this dismissal your clients comply with my earlier requests to him dated: 10-6-2006, 3-24-2008, 5-9-2009, 1-2-2011 and reveal any and all data about defendant Stephen Doyme who is currently the subject of a

lawsuit. I am attaching referenced communications on this email for your convenience. I reiterate my request that I must be supplied with a verified copy of all transactions in regards to **Stephen Doyne, Phd of San Diego California** and any and all degrees, other educational certificates that may have been issued to him by your client including any and all applications study materials testing that he may have participated in to obtain educational credit with your clients educational organization. Equally requested are details of the specialty background of your client's Diplamate Issuing Authority.

I like to take this opportunity to thank you in advance for your prompt and positive endorsement of the foregoing stipulation so that we may submit same to the court without undue delay and avoid any further legal conflict.

Thank you,

Emad Tadros M.D.

Phone: 417-881-3818 & Fax: 417-818-4702

Mr. Robert O'Block,

In your attorney's letter dated 12-27-10 to Mr. Stuart's and my attention, you requested that we shut down our public sites that speak the truth to the Nation. Your request was to shut down urls <http://thepubliccourt.com/> and <http://thepubliccourt.com/custody-evaluators-2/>, which means <http://stephendoyne.thepubliccourt.com> and <http://thepubliccourt.com/> It is interesting that you dodged and bypassed pinpointing the Stephen Doyne site by name, to be taken down. Please take a note that above sites are owned by our non-profit organization that were established for the public good—California Coalition for Families and Children (CCFC).

The irony is, you never corresponded to my earlier letters inquiring about the same Stephen Doyne credentials and how he obtained his Diplmate from your business, but somehow you continue to act on his behalf and for his protection committing fraud and misleading the public. These letters are attached-dated 10-06-06, 3-24-08, and 5-09-09.

Around early 2006, I made multiple written and phone inquiries about your ACFE and its newer name ACFEI. It is unclear why such ACFE name suddenly changed to ACFEI?

One time I phoned I was answered by a younger girl who informed me that you do not have a complaint process about any of your members. When I asked why and how come, she stated, *"because our members do not make mistakes."*

Another time I called your number and I requested to speak to Mr. O'Block and I was put on the phone with someone who claimed, *"I am the only Bob here."* This "Bob" sounded very friendly, easy going, and invited me to pay the \$350 to purchase your diplomate with ease. What is most seriously important is that Bob reassured me that all information will be held confidential from the public, and no one would know anything about how I received the specialty Diplomate.

Another time when I made an inquiry about Stephen Doyne PhD, I was put on hold for a long time, enough to encourage me to hang up, where obviously no one came back to my call that I am certain you cleverly put on hold.

Attached are the letters that I have directed to your attention requesting your correspondence and cooperation, and surely you never corresponded even once. You were right that no one would ever know anything about anyone else and how "XYZ" or I got his/her Diploma from you. You reassured me that everything would be held secret.

This is also confirmed in the Steven Feldman PhD case in Saratoga County, who was recently arrested carrying your same Diploma that you sold to Doyne. The person who investigated Feldman stated that you would not let anyone know anything about you or how he got his Diploma?

Ever since, I have made countless Nationwide contacts. Among the many that I contacted was Professor of Law Carol Henderson, Chair of the American Academy of Forensic Sciences, Attorney Mark Hansen, and Elizabeth McDonald — all who wrote articles citing you and your Diplomat as an example of phony credentialing. These respective articles beginning with Carol Henderson's "*Scientific Evidence Review: Admissibility and Use of Expert Evidence in the Courtroom*," pp. 7 - 8. Carol Henderson mentioned that you pedal "mail-order" and "checkbook credentials," and you are a Diploma mill giving certifications to a pet cat, and a murderer in prison... mailing that Diploma to his jail cell! Professor Henderson writes on page 7, "*The founder of the ACFE has been attempting to establish an internet based educational program that would offer PHD degrees in forensic sciences. So far no college or university has decided to host the program.*"

Another called "*The Print – Expertise to GO*" by Attorney Mark Hansen, concluding you being unqualified and hiring your minor kids on the board of directors of that ACFE, and that you were called by someone for committing plagiarism. A third reliable person by the name of Elizabeth McDonald, wrote a big article called, "*The Making of an Expert Witness: It's in the Credentials*" published by THE WALL STREET JOURNAL (Eastman Edition) New York, N.Y.: Feb 8, 1999 pg. B.1, outlining how unprofessional the ACFE and its Ethics exams are, where they were merely a "scientific-joke."

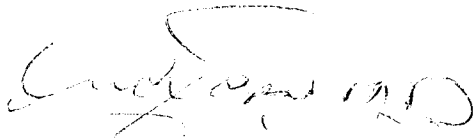

The hopes that were outlined by the one and only well respected **American Board of Professional Psychology/ABPP** are coming to life. The public is only studying who you are, and your consumers, or your useless certificate purchasers.

CCFC is further educating the public with much fervor about what the truth is. We have studied you well and CCFC plans to continue to educate the public more. You obviously have the guts to spread your misleading fraud to the inquiring and victimized, naïve, misled public with intimidating Attorney threats.

Mr. O'Block your psychology is to obviously spread threats if we do not stop communicating the truth. Disseminating and Broadcasting the truth is something that we

are good at when it comes to the truth with real facts. Is not that what you and your unique misleading consumers have all along silenced for as long as possible for you to get away with? CCFC is only proud of its sites serving the Public-Good.

Mr. Robert O' Block:

Since October 2006, I have made repeated formal and phone requests asking your agency to substantiate and release any Diplomate credentials that relate to **Stephen Doyne Ph.D.** In that correspondence I highlighted to your agency that Stephen Doyne, Ph.D. made a solid reference to his Diplomate Credentials being validated from your agency in a Court of Law in 2005. Ever since 2006, your agency has never corresponded even once. Instead you requested that Dr. Doyne sign a release form which you faxed me allowing you release such information about him otherwise, you would only continue to hold any such requested credentials, secret.

As of February 2009, Dr. Doyne released his Diplomate Certification that is issued from your company. This Diplomate was signed by the following professionals:

- 1- Vincent Scalice/Chairman of the Board of Scientific and Technical Affairs.
- 2- Cheryl J. Campbell/Director of Diplomate Certification.

Please send me the credentials of those two Diplomate certification authority. As my council and I indicated in our previous requests to you, we asked you to please to direct us as to how Dr. Doyne obtained his Diplomate Certification for your agency. I also inquired about your faculty teaching staff, the student body and dean's identity of your agency. Unfortunately, I never heard from ever since 2006.

Online the ACFE claims being professional in substantiating credentials about the experts who claim Diplomate credentials from your agency. Please explain to me as to why you informed me on the phone previously that you would hold any member or Diplomate credentials secret?

Signed,

Emad Tadros, M.D.

Since October 2006, I have made repeated formal and phone requests asking your company to substantiate and release any Diplomate credentials that relate to **Stephen Doyne Ph.D.** In that correspondence I highlighted to your agency that Stephen Doyne, Ph.D. made a solid reference to his Diplomate Credentials being validated from your agency in a Court of Law in 2005. Ever since 2006, your agency have refused to cooperate and instead requested that Dr. Doyne sign a release allowing you release such information about him otherwise, you would only continue to hold any such requested credentials, secret.

I find your credentialing stance, quite frustrating. I reiterated to direct me a copy and/or the number of Dr. Doyne Diploma, Issuance/Expiration Dates and the person(s) authorizing it. I also inquired about your faculty teaching staff, the student body and dean's identity of your agency.

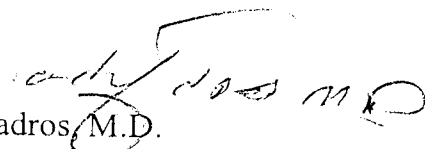

“Any legitimate specialty or licensing board or organization would unconditionally release credentialing information upon public request.”

Recently online you claim that ACFE is being professional in substantiating credentials about the experts who claim credentials from your agency. Repeated and concrete online and law library documentation from legitimate organizations and well known professionals consistently that your agency is “vanity boards.” This is not just frustrating but a shame on you and authorities allowing you to mislead and not to cooperate with any public inquiry.

Please explain to me as to why you informed me on the phone that you would hold any member or Diplomate credentials secret?

Again I am in hopes that your company would “Walk the Talk” and take the same nationwide professional measures to correspond in a professional fashion.

Signed,

Emad Tadros, M.D.
